Kingston MMCplus

lifetime warranty | free technical support

Fast transfer and portable storage for rich content

Kingston's MMCplus™ is based on the latest MultiMediaCard System Specification Version 4.0. This new standard offers users a five-fold improvement in performance over the previous MMC standard. It is the perfect choice in removable memory storage to accommodate digital camera images and mobile devices so you can take advantage of the explosion of multimedia content from mobile phone networks.

With support for the latest digital cameras and mobile device designs, Kingston's MMCplus storage cards operate at faster clock speeds and support more data-intensive content.

MMCplus cards come with a lifetime warranty, 24/7 technical support and legendary Kingston® reliability. In addition, all Kingston MMCplus solutions are backward-compatible with previous MMC standard host devices.
